Cllr Todhunter to draft a donations policy

12. Grants and fundraising

Cllr Whitehead discussed the possibility of a questionnaire being included with the forthcoming newsletter, in order to gauge the wishes of villagers. It was pointed out that the amount of CIL benefitting the village as a neighbouring parish would be small, but in any event the council would need to identify a specific need before receiving any CIL funds. The idea of a cyclepath from the village to Stowmarket was considered attractive and cllr Whitehead will put together some further ideas for the next meeting.

County Councillor's report for April, 2019

Suffolk Record Office achieves national accreditation

On 28 March it was announced that Suffolk Record Office has been awarded Archive Service Accreditation.

Achieving accredited status demonstrates that Suffolk Record Office has met clearly defined national standards relating to management and resourcing; the care of its unique collections and the service it offers its entire range of users.

The Suffolk Record Office has started its transition to create a reshaped service right across the county with its "The Hold: A Suffolk Archive Service for the 21st Century" project.

The new Heritage and Archives Centre in Ipswich, being created as part of this project, is set to open its doors in Spring 2020. It will replace the existing Ipswich Record Office in Gatacre Road, whilst the Lowestoft and Bury Record Offices will remain open.

The accreditation status awarded is provisional, and progression to full Accredited Archive Service status is subject to areas of planned development for the new, revitalised service meeting the national standards. For example, the completion of The Hold building and movement of collections to improved accommodation. A review is scheduled to take place by March 2021.

Suffolk's recycling centres opening hours

The opening hours for recycling centres in Suffolk will change from the beginning of April. All 11 of Suffolk County Council's centres will be open from 9am to 5pm every day from Monday 1 April to September. The new times will give residents an extra hour to recycle their waste during the summer months.

On Thursdays from May to August, all sites will be open until 7pm - a good opportunity for residents to recycle on their way home from work. All sites will be closed on Wednesdays.

On Sundays and bank holidays, the recycling centres will also be open from 9am to 5pm from April to September.

Suffolk successful in winning £1.725 million in extra funding for business broadband roll out

Suffolk County Council, working in partnership with West Suffolk Council, East Suffolk Council of Suffolk Coastal and Waveney, and Babergh and Mid Suffolk district councils has been successful in securing £1.725 million from the Department for Environment Food and Rural Affairs.

It will contribute to providing Superfast Broadband access to many businesses across Suffolk's most rural areas, who are not in plans to receive Superfast Broadband as part of the current fibre broadband rollout.

The funding will cover connection to over 550 businesses across the county where current internet speeds are limited to lower speed connection methods. On top of the business connections this funding will also reach a further 600 non-business-related premises who will be able to upgrade to superfast speeds. Suffolk has been at the forefront of fibre broadband rollout, via its Better Broadband

for Suffolk Program, since 2010 and currently the county enjoys a superfast broadband coverage of 93%, with the current contract due to reach 98% by 2020.

The additional funding will contribute towards meeting some of the remaining 2% of the county that is not covered by the existing contracts. Work on connecting these new areas will begin later in 2019.

More than 96% of pupils receive a Preferred Secondary School on National Offer Day

On 1 March, Suffolk confirmed secondary school places for Year 7 and Year 9 pupils in 2019/2020.

This year, Suffolk County Council (SCC) received 7,921 applications from parents indicating which secondary school they would prefer their child to be educated at from September 2019.

Over 96.5% of parents were offered a place at one of their preferred schools. Some 7130 applicants received offers for their first preference school and 7651 applicants received an offer for one of their three preferred schools.
